(Image credit: Sony) The wait is almost over. Sony has revealed the PS4 Black Friday deal range and this is a fairly healthy mix of hardware and software. On Black Friday, some of the system's best games will sell for \$20 each, while at the other end of the spectrum, you can print a PlayStation 4 Pro, usually \$400, for \$300 instead. However, the best deal according to this author, mixes an excellent PS4 console with the three best titles available on the platform. For \$200, you can get a PS4 with a 1 TB hard drive, as well as The Last of Us: Remastered, God of War and Horizon Zero Dawn: Complete Edition. But if you already have a PS4 and just want to expand your options, there are some other sales worth seeing as well. Those looking to get into VR games can find a PS VR headset for \$200 (usually \$300) with five games including: Astro Bot Rescue Mission, Skyrim VR, Resident Evil 7: Biohazard, Everyone's Golf VR and PlayStation VR worlds. If you prefer VR settings with gesture controls, you can also choose PS VR Blood & Truth + Everyone's Golf Bundle costs \$250 (usually \$350). This one only comes with two games, but you also get two PS Move controllers. Accessory, you'll be able to get a PS Gold Headset in a variety of colors for \$70 (usually \$100), and a DualShock 4 controller for \$40 (usually \$65). Those interested in playing online can catch an annual PlayStation Plus subscription for \$45, down from \$60. However, the original meat and potatoes from this deal are a variety of games that you can get. Sony advertises that some exclusive recent hits will cost you \$20, while anything under the PlayStation Hits banner will cost you \$10. These games can run anywhere between \$40 and \$60 normally, making this potentially one of the best PS4 deals of the year. Games you can get for \$20 include Marvel's Spider-Man, Days Gone, Concrete Genie, and MLB's The Show 19. Games you can get for \$10 include God of War, Gran Turismo Sport, and Horizon Zero Dawn: Complete Edition, with the potential for more games available once Black Friday arrives. Sony's website currently lists all of these offers as coming soon, so there's nothing to link yet. Keep bookmarking this page after Black Friday rolls around, however, and we'll point you to some steep Sony discounts. Plus, be sure to follow our Cyber Monday deals coverage for the best post-Black Friday holiday discounts.
